Data Privacy -Legal Perspectives

NOV 23 Thursday 6:00 pm - 7:00 pm

Venue: INGUs Knowledge Academy (SkillsDA)

Plot No, 193,1st Main Rd, Nehru Nagar, Kottivakkam, Chennai – 96

Mr V Rajendran Chairman, Digital Security Association of India Advocate and Cyber Law Consultant

Synopsis

Data privacy is the safeguarding of individuals' personal information throughout its lifecycle, encompassing its collection, storage, processing, and sharing. Key principles include obtaining user consent, practicing transparency in data handling, minimizing data collection to what is necessary, implementing robust security measures, and responding effectively to data breaches. Access controls, data integrity checks, and compliance with privacy regulations are integral components, ensuring ethical use of data and protection against unauthorized access. Continuous monitoring, auditing, and a commitment to ethical standards contribute to the evolving landscape of data privacy, emphasizing the shared responsibility of organizations and individuals in fostering a secure and respectful data environment.

The session will also focus on Legal Perspectives of Data Privacy.
